**WHITEFISH LAKE INSTITUTE ANNOUNCES 2019 MONTANA LAKES CONFERENCE:
Abstract Submissions and Sponsorships Open**

WHITEFISH, MT, May 7, 2017 – The Whitefish Lake Institute (WLI) is pleased to host the inaugural Montana Lakes Conference March 13-15, 2019. The Montana Lakes Conference will gather diverse resource professionals to exchange information, scientific advancements, and management strategies that promote clean and healthy lake and reservoir ecosystems. Participants from academic, nonprofit, government, business organizations, and the public will gather to learn about improving the health of Montana’s lakes through science and monitoring advances, watershed restoration practices, policy innovation, and collaborative stakeholder involvement.

The conference will be held at The Lodge at Whitefish Lake in northwestern Montana. Developed to exchange knowledge, ideas and experiences, and to introduce new approaches to help manage and protect our lakes, the conference will celebrate Montana’s lakes and the people who work to understand and protect them. Attendees will have the opportunity to immerse themselves in innovative, practical, and applied lake management techniques and current research. Networking opportunities will allow attendees with varied experiences to compare notes and collaborate on important lake management issues. Join WLI at one of Montana’s premier conference and lodging facilities—the award-winning Lodge at Whitefish Lake—for a forum that will strengthen Montana’s lake resource management.
